

**BIG COLLAR TYPE AUGER FILLER
PACKING MACHINE
(5 KG & 10 KG)**

Product To Be Packed

All kinds of Powders
Basan, Spice, Sattu, Maida,
Chemical Powders

Specifications

Model	: SRP 104
Speed	: upto 15 PPM (Depends upon product and pack size)
Packaging Material	: Heat Sealable Laminate
Filling Capacity	: 2 kg to 10 kg
Filler Type	: Screw based (Servo Motor)
Power Required	: 7Kw
Main Motor	: 1 HP
Servo Motor	: 3.5 kw
Control	: HMI, PLC
Machine Structure	: MS / SS
Machine Color	: S Grey / SS
Weight	: 1500 kg approx
Temperature Controller	: PID based
Vertical & Horizontal Sealing	: Pneumatic Sealing
Machine Dimensions	: 1500 mm x 1500 mm x 3500 mm

High Performance 4 Head Packing Machine

Designed to operate with a wide range of products such as namkeen, snacks, biscuits, dry fruits, pulses, grains, and other free-flowing materials.

Features

- ✓ Heavy-duty and robust machine structure
- ✓ High-precision auger filling system
- ✓ Suitable for powder and fine products
- ✓ Dust-free packing operation
- ✓ PLC control with touch screen interface
- ✓ Servo-based film pulling system
- ✓ Strong center seal / pillow pouch packing
- ✓ Easy to operate and low maintenance
- ✓ High efficiency with consistent output

KEY HIGHLIGHT

- ✓ Accurate powder filling system
- ✓ Clean and hygienic packaging
- ✓ Suitable for 500g, 1kg, 2kg packs
- ✓ Ideal for continuous production

APPLICATIONS

- ✓ Atta (Wheat Flour)
- ✓ Maida & Besan
- ✓ Spices & Masala Powder
- ✓ Milk Powder
- ✓ Chemical & Fine Powder Products
